FOR IMMEDIATE RELEASE

U First is Traveling to NY - The Homeless Epidemic Cannot Be Ignored

On October 1, 2018, U First will travel from Atlanta to New York, sharing over 20,000 hygiene (Love Bags), in efforts to share our story and bring awareness to the homeless crisis and those who experience mental illness. A few members of the U First team and I will take this road trip to New York and along the way stop in South Carolina, North Carolina, Virginia, Washington, DC, Maryland, Pennsylvania, and New York spreading love to our homeless community.

As we make stops in each state, we will visit homeless shelters and drop off our donation of hygiene Love Bags, view the homeless shelter, speak with administrators to ascertain how their facility is being operated and how it differs from the operation of homeless shelters in Georgia and the other states we visit. We will interview residents and others who live without walls and take pictures and videos to document this momentous occasion.

This will be an EPIC event! This year alone, U First will have served over 100,000 homeless individuals in Washington DC, Virginia, Maryland, North Carolina, South Carolina, Alabama, Mississippi, Louisiana, Texas, Arizona, New Mexico, California, Oklahoma, Florida, Tennessee, and Hawaii.

Our aim to make a difference. As we provide hygiene LOVE bags, talk to homeless individuals, work with shelter administrators, we are working to bring understanding and resolution to the homeless crisis and make a difference in the lives of those who live without walls!
